

Make your own shark

*'Sharks glide under our glass-bottom boat.
I build a sandcastle, a bridge and a moat.'*

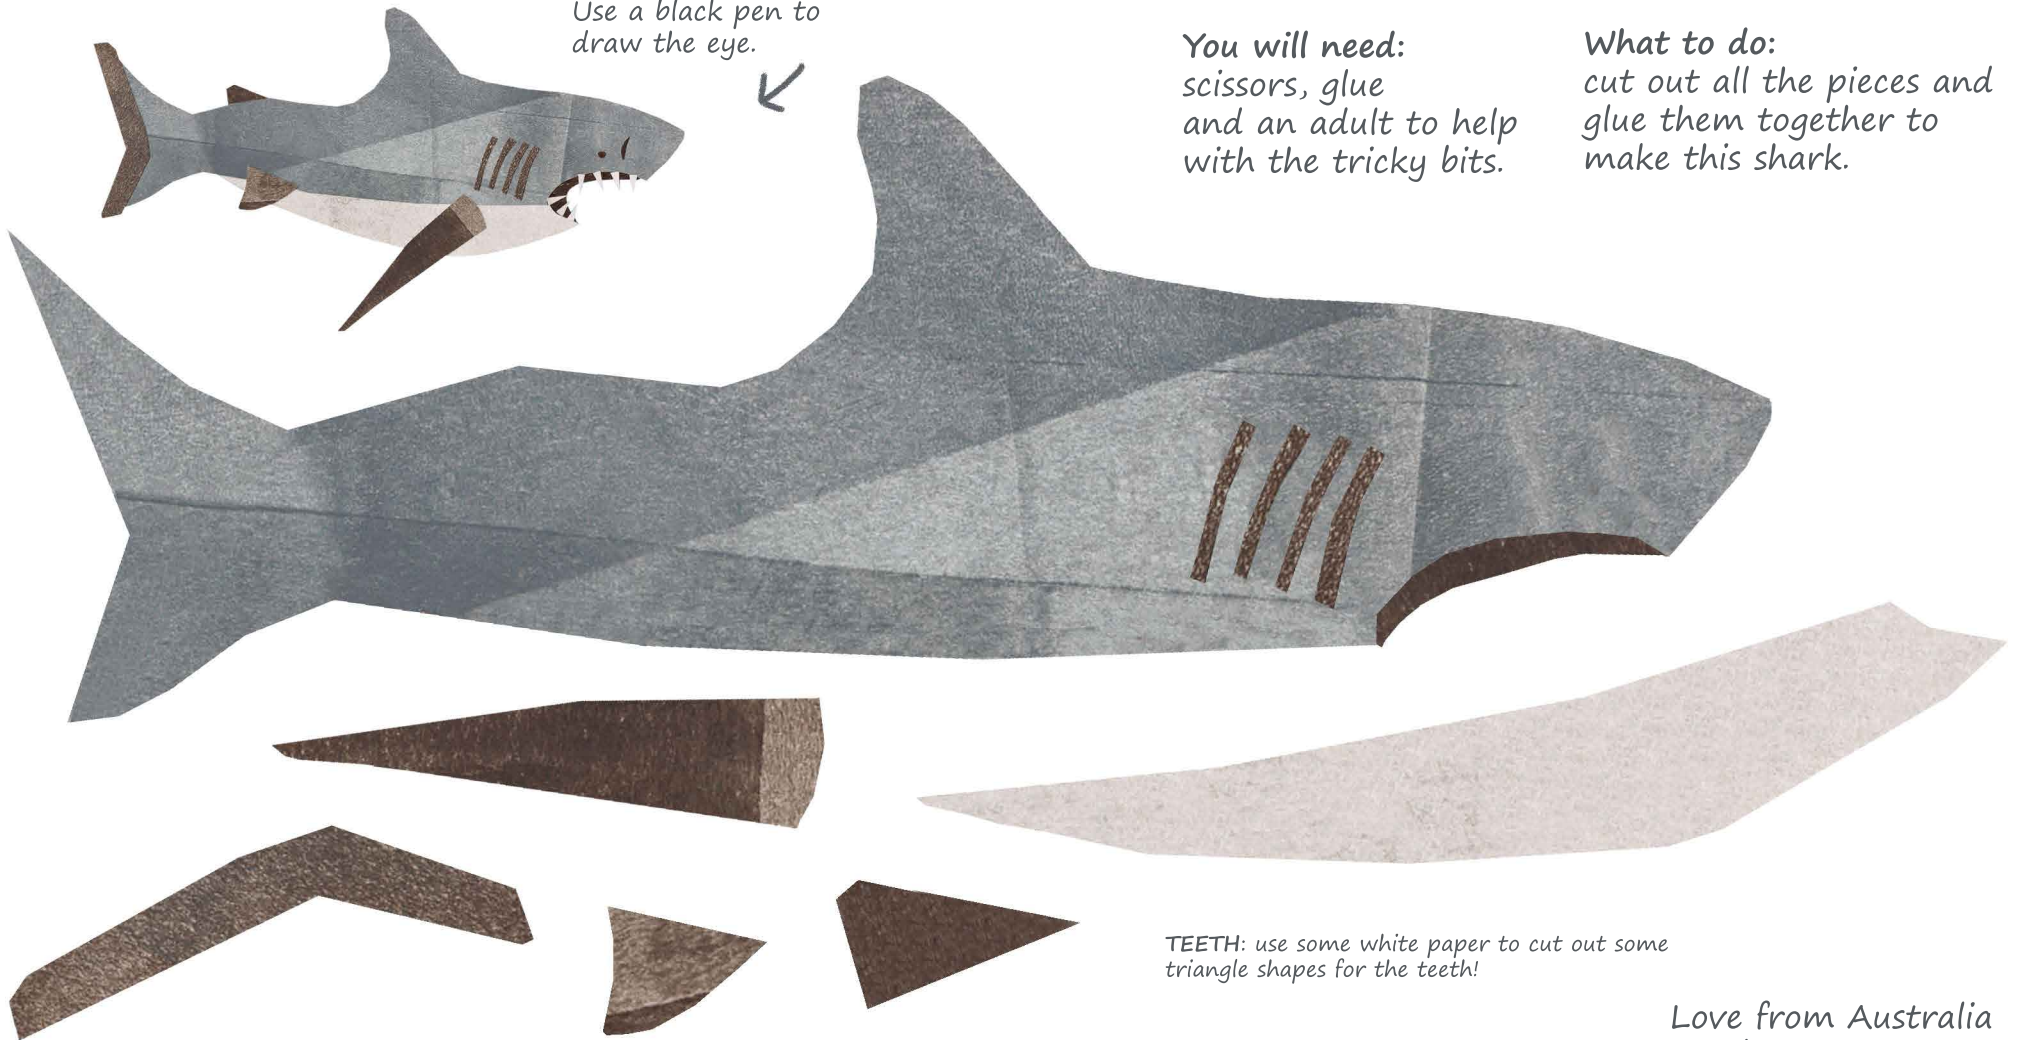

Love from Australia

Use a black pen to
draw the eye.

You will need:
scissors, glue
and an adult to help
with the tricky bits.

What to do:
cut out all the pieces and
glue them together to
make this shark.

TEETH: use some white paper to cut out some
triangle shapes for the teeth!
